About me

I am a creative story-teller with great technical skills and strong audio and visual flair throughout the edit. I can offer an end-to-end process, taking control of the edit from the offline to the online and grade. A safe pair of hands working with a wide range of clients when the pressure is on and deadlines have to be met, I mostly use Avid, but happy with Final Cut Pro and Cleanedit too.

2015-Present **– Freelance Editor**
2011-2015 **– BBC Scotland** - *Senior Editor Post Production* in charge of 14 editors.
2007-2011 – **Freelance editor**
2000-2007 – **Online editor at Rocket Television Facilities**
